

2022 Health and Community Services Courses – New Students’ Timetables

The following timetables indicate the proposed class days/times for your first term/trimester for those students studying the entire course. However, your timetable may vary if you have been granted credit exemptions. Your timetable will be emailed to you after you attend/complete orientation (Please note you will be informed of orientation details closer to your course commencement.). These timetables are subject to change. Student consultation and academic support may be accessed in addition to this.
