Dear Front Cooking School,

On behalf of The Chase Hotel Melbourne, we thank you for your undeniable and invaluable support over the past 12 months.

We appreciate the partnership that we have built with you and look to continually grow this relationship over the coming years. Moreover, we are genuinely impressed by the professionalism, determination and diligence of students who have completed their placements with us. Front Cooking school is to be commended for instilling these important values within their students.

The students who completed their placement with us were extremely passionate, professional, and easy to work with. They expanded on fundamental cooking skills that allowed them to assist our chefs with dish preparation and plating up. They also were exposed to the intricate cooking and operational procedures that will enable them to grow. We hope that we can continue to support them in their careers moving forward.

Yours Sincerely,

David hanh
